

GConnect Agreement

Terms and Condition of Use

This system is for the use of authorized users for education or employment purposes only. Individuals using this system without authority, or in excess of their authority, are subject to having all of their activities on this system monitored and recorded by System Administrators. In the course of monitoring individuals improperly using this system, or in the course of system maintenance, the activities of authorized users may also be monitored. Anyone using this system expressly consents to such monitoring and is advised that if such monitoring reveals criminal activity or activities contrary to College procedure, System Administrators may provide evidence of such monitoring to law enforcement officials and/or College management.

Listed below are the policies and procedures for GConnect. Users must adhere to these policies prior to connecting their computer to the Residence network.

1. GConnect users shall not attach any other hardware beyond his/her computer to the GConnect network. This includes but is not limited to network printers, hubs, switches, and routers.
2. GConnect members shall not set up and host services. This includes but is not limited to Web servers, FTP servers, Novell servers, DHCP servers, and peer-to-peer software programs
3. GConnect users **MUST** use and keep up-to-date anti-virus and anti-spyware software. If you don't have anti-virus and anti-spyware software we will provide you with this free of charge.
4. GConnect users can reserve the right to run software based firewall applications on their computer.
5. GConnect users **MUST** make use of the Windows Update service (or other OS applicable patching service).
6. GConnect users **MUST** possess **legal** copies of all software installed on their machines.

A cable will be distributed to each student connecting to GConnect. The cable must remain in your room when you move out of the Residence. Failure to leave the cable behind will result in having \$30 deducted from your community deposit.

Each network connection has a bandwidth limit of 3.5 Gigs/week and this limit is reset weekly on Thursday mornings. If you exceed this limit, your connection is automatically disabled until the bandwidth reset occurs the next Thursday.

Housing and Residence Life reserves the right to suspend your GConnect service if any other GConnect users could be negatively affected by allowing your machine to remain connected. This includes but is not limited to: Being infected with a network-borne virus; Running illegal versions of software; attempting to 'hack' the network or other machines on the network; Any other violation of this agreement. If after a suspension of service, Housing and Residence Life allows you to continue to have GConnect service, you will be charged a fee of **\$25** to have your service restored.

If you require assistance or encounter problems please contact the Front Desk to explain the nature of the problem. Your support in following the policies and procedures is greatly appreciated and results in the enjoyment of your GConnect connection.

Anti-Virus Software

As part of the GConnect service you agree to use and keep up-to-date both anti-virus and anti-spyware software. Verification of the mandatory anti-virus and anti-spyware software must occur before you will be granted access to the residence network. **In the event you do not have anti-virus or anti-spyware software we have purchased multiple licenses of McAfee anti-virus and anti-spyware software and will install it for you free of charge.** Even if you have your own anti-virus and anti-spyware software, but would prefer to use the McAfee product we can install it for you free of charge.

GConnect Waiver

1. Housing and Residence Life will not warranty any work that is done on your computer while connecting it to GConnect.
2. Housing and Residence Life will not guarantee the safety of any information stored on your computer while it is being setup for the GConnect network.
